

Felix O'Hare & Company Ltd has a proud record for Quality, Environmental and Health & Safety (QEHS) performance within the building and construction sector. All employees are committed to serving the needs of our clients, by providing a building and construction service that meets, or exceeds requirements. Each employee does this by complying fully with our documented QEHS Integrated Management System as operated by Felix O'Hare through all work activities.

Our QEHS Integrated Management System was developed to achieve quality of service, effective environmental control and an accident free workplace for all.

To ensure a high level of QEHS performance at all times Senior Management are committed to the following:

- x To enforcing the QEHS Integrated Management
